

## Slackline World Record Certificate

*Recognition for achieving an extraordinary slackline record*

The Sport Commission of the International Slackline Association - ISA, certify the record of:  
“Longest slackline rigged between to cablecars”, achieved by  
**Yannick Loerwald – Justin Kroppa – Thomas Spöttl**

This record was accomplished the 02 of September 2021 in Panorama Bahn - Brandnertal-  
Austria, it was officially summited in the world records system and supervised by the ISA record  
Officials, fulfilling all the criteria's and evidence to accredit the record: The line was rigged  
between the two cablecars, and completely walked with no falls by the three record holders. The  
distance (anchor to anchor) was 65m and it was at 200m high rigged on a polyester webbing.
